Cliff Everett, AIA, LEED®
Phone: 410.960.0756

Dear Mr. Everett:

I want to express my appreciation for the outstanding design services you have provided to our Mid Atlantic Regional Office under our five (5) year IDIQ Contract. You were the Architect In Charge under several projects.

Following are examples of noteworthy work deserving mention:

- The designs of the Alderson Commissary Building and the Memphis Generator Building - new construction type designs.
- Several retrofit or renovation type projects, including Petersburg Environmental Permit Project.

Whether you were tasked with new construction or renovation, your work was timely, through and concise. When time frames were too tight, your project management skills and innovative techniques kept projects on schedule and within allotted budget.

Based on your performance in our difficult prison setting, I feel you can deliver quality designs to any party or agency out there.

Please consider this letter as reference for your personal and business endeavors. Should a party wish to discuss this reference in further detail please call 301-317-3256.

Sincerely,

Julie Berbakov Rossi, P.E.
Mid Atlantic Regional Office
